Membership Renewals

November 14, 2005

Article VI, Section 4 of the By-laws requires the treasurer to send a bill for dues for the ensuing year to all members no later than December 1.

I have prepared notices to be sent to each member. It probably will occur before our meeting or shortly thereafter. Members with e-mail addresses will receive their notices via e-mail; others will receive them via US mail.

Members will be able to respond either electronically or via US mail. Each member will have an opportunity to review basic information such as addresses, telephone number, etc. An electronic on-line form has been prepared for those who wish to use it. The form will also allow payment of dues via PayPal. Of course, checks can be utilized.

There are currently 82 members. This will generate just over \$2,000 in income for the organization if all members continue their affiliation.

We need to be finding some other sources of income.
